RE: Submission of Remedial Investigation Report and
Ecological Risk Assessment Report
Former Philadelphia Refinery
PADEP Primary Facility ID # 780190 (Sitewide)
EPA PAD 002 28 9700
3144 Passyunk Avenue, Philadelphia, PA, Philadelphia County, PA

Dear Ms. Rainford:

This letter is to provide notice that Philadelphia Refinery Operations, a series of Evergreen Resources Group, LLC (Evergreen) is submitting a Sitewide Fate and Transport Remedial Investigation Report (RIR) and Ecological Risk Assessment Report (ERA) for Areas of Interest 1 through 9 to the Pennsylvania Department of Environmental Protection (PADEP) Southeast Regional Office and US Environmental Protection Agency (EPA) Region 3 for the former Philadelphia Refinery located at 3144 Passyunk Avenue in Philadelphia, Pennsylvania (Site). The RIR and ERA provide supplemental information to previously approved RIRs submitted for the Site under Pennsylvania's Land Recycling and Environmental Remediation Standards Act, the Act of May 19, 1995, P.L. #4, No. 2 (Act 2), as well as the joint PADEP and EPA One Cleanup Program. The Fate and Transport RIR and ERA are being submitted under Act 2 and the One Cleanup Program in accordance with the site-specific remediation standards. Evergreen is an affiliate of Sunoco (R&M), LLC, a former operator of the refinery, and both companies are indirect subsidiaries of Energy Transfer L.P. In November 2013, Evergreen was formed to manage Sunoco's legacy environmental cleanup at the former Philadelphia Refinery.

Evergreen submitted a Notice of Intent to Remediate (NIR) to the PADEP in 2006, formally entering the Site into the Act 2 Program. At the request of the City of Philadelphia (City), Evergreen developed a Public Involvement Plan (PIP) in 2006 and updated it in 2019. The updated PIP outlines that each Act 2 report will have a 30-day public comment period at the time of its submittal. Following the submittal of the Fate and Transport RIR and ERA on June 30, 2022, the public will have 30 days to provide comments to Evergreen. Comments can be sent to Evergreen via the website

June 22, 2022

Page 2 of 2

<https://phillyrefinerycleanup.info/comment-submission-form>, via email at phillyrefinerycleanup@ghd.com, or via US Postal Service to PO Box 7275, Wilmington, DE 19803. Evergreen will address all comments and questions related the Fate and Transport RIR and the ERA submitted between June 30, 2022 and July 30, 2022 in correspondence to PADEP/EPA that will be incorporated into the agencies' review as they will not consider the reports final until any comments/questions have been addressed.

Electronic copies of the Fate and Transport RIR and ERA will also be posted to the website (<https://phillyrefinerycleanup.info/act-2-documents/>) and provided to two local Free Library of Philadelphia branches: Thomas F. Donatucci, Sr. Library at 1935 Shunk St. and Eastwick Library at 2851 Island Avenue. Hard copies will be made available to you upon request. PADEP and US EPA will review the reports and provide comment within 90 days.

We have appreciated the opportunity to work closely with the City in the implementation of our PIP, and we look forward to continuing to collaborate with the City and the community at the former Philadelphia Refinery.

Regards,
Evergreen Resources Management Operations

Hi Ms. Rainford,

As required by Act 2, Evergreen is submitting to the City a notice of report submittal (attached). As noted in the letter, Evergreen will be submitting an Ecological Risk Assessment and Fate & Transport Remedial Investigation Report on June 30, 2022. Upon submittal, Evergreen will also email a link for the City to download a copy of the reports for review and record. Please let me know if you have any questions/concerns.

Thank you,

Tiffani L. Doerr, PG
