eFACTS PF No. 769099

City of Philadelphia
Philadelphia County

Dear Ms. Doerr:

The Department of Environmental Protection (DEP) has reviewed the November 21, 2017, document titled "Remedial Investigation Report" for the property referenced above. Area of Interest 6 (AOI 6) is also known as the Girard Point Chemicals Processing Area, a portion of the former Sunoco Philadelphia Refinery. The report was prepared by GHD Services, Inc. and submitted to DEP in accordance with the Land Recycling and Environmental Remediation Standards Act (Act 2). It constitutes a remedial investigation report as defined in Chapter 3.

DEP hereby approves the report in accordance with the provisions of Act 2.

Evergreen will complete separate Act 2 reporting to satisfy additional remedial investigation requirements for a groundwater fate-and-transport analysis, Title 25 Pa. Code Section 250.408(a). That report will include an evaluation of compliance with surface water standards, Section 250.406(c). In addition, the results of the remedial investigation indicate that risk assessments are required to further evaluate ecological receptors, Section 250.402 and the vapor intrusion exposure pathway, Section 250.404.

Please feel free to contact C. David Brown by email at cdbrown@pa.gov or by telephone at 484.250.5792, with any questions or if further clarification is needed regarding this matter.
