Evergreen's Fate and Transport Public Meeting *Breakout Room Notes*

Tuesday, May 24, 2022 @ 6 PM

Breakout Room #1 - Facilitated by Denise Smith, Hummingbird

Name	Affiliation	What would you like to learn in this meeting?
Russell Zerbo	Clean Air Council	Evergreen submitted a different document recently (not F&T) - disturbed by that
Kevin Bilash	EPA	Sense of F&T from community perspective
Lisa Hastings	Individual	Was hoping to get an update on F&T, plus what info is being shared with the community, update on what's going to be in F&T
Kat Kendon	Design Advocacy, Sierra Club	
Derek Jelinek	Geosyntec	Interested in seeing the visuals
Terri White	EPA	Bring back info about what the community's interests/needs/main concerns are
Kelly Henry	H&G Public Affairs, LLC	Son is moving to Philly; plus interested in seeing how management is working through the pandemic
Marilyn Howarth	UPENN	Genuine community engagement, Hummingbird needs to be the first to let the community know about things happening at the site (true community engagement, hasn't seen it yet)
Adam Nagel	PennFuture	"Can't top Marilyn's comment"
Christopher Sample	COS Councilman Kenyatta Johnson	What Evergreen is doing; community engagement
Nora Nash	Sisters of St. Francis of Philadelphia (Church)	Community needs to be more involved in what's happening
Madeline Shikomba	Resident	What is going to be done with removal of toxic stuff, and how it will be transported
Christopher Ahlers	CAC	Technical analysis; how F&T is being performed
